Notes: The identification of the food and feed products listed in Annexes I, II and IIa for official controls are made on the basis of the codes from the Combined Nomenclature and TARIC sub-division indicated in the Annexes. Identity and physical checks, including sampling and laboratory analysis of food and feed listed in the Annexes at a frequency set out in Annexes.

Consignments of food and feed listed in Annex I of Regulation 2019/1793 are subject to temporary increase of official controls at Border Control Posts at entry into Great Britain and at control points. Annex II of Regulation 2019/1793 sets out the list of consignments of food and feed from certain third countries subject to special conditions for the entry into Great Britain due to contamination risk by mycotoxins, including aflatoxins, pesticide residues, pentachlorophenol and dioxins, and due to microbiological contamination. Food and feed listed in Annex IIa is suspended from entry into Great Britain.
